

Hello! I come from Germany and I live and work at Sneha Care Home since August 2013 as an FSL Volunteer. I am teaching English, Football and Guitar and I support Children with reading difficulties. Here in Sneha Care Home I get many opportunities to use my skills in different ways.

Until July 2014 I have the chance to spend time at this beautiful place with incredibly kind boys and girls. I am very happy and thankful to contribute my work to such an impressive Center.
